Dimensions shown are in millimeters. Reference dimensions only. We recommend measuring individual units at installation. Assume the use of 10mm plaster. **NOTE:** combustible material should not be installed over the face. Make sure you do **NOT** cover the decorative door opening. Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserve the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Pictures in this brochure are not the true representation of the fireplace and/or flames.

FEATURES:

Multi-function remote control allows adjustment of flame height, fan speed and more

IntelliFire Plus electronic ignition system eliminates the need for a standing pilot

LED Ember bed lighting

High definition log media

Balanced flue technology maintains optimum indoor air quality

Top or rear venting options provide installation flexibility

Anti reflective ceramic glass

Zero clearance installation
